

Curtain Removal Point

- Quick and easy removal of curtains
- Reduce maintenance time
- Improve infection control

The Curtain Hardware Company can fit this unique press slide *Curtain Removal Point* to every hospital and shower track. The *Curtain Removal Point* allows curtains to be removed safely, swiftly and efficiently – complete with hooks. This will naturally reduce maintenance time and improve infection control. No more tedious attempts to remove soiled curtains from curtain tracks that cannot be reached easily.

The use of the *Curtain Removal Point* complies fully with the HTM66 which is the United Kingdom Specifications that are likely to be copied here in Australia.
